

MATERIAL SAFETY DATA SHEET

PRO-MA MAXI DRI KLEEN

COMPANY DETAILS:

PRO-MA SYSTEMS (CANADA) INC
#120, 6330-12 ST SE
CALGARY, AB T2H 2X2
TELEPHONE (403) 258-2115 FAX (403) 252-3161

EMERGENCY TELEPHONE:

1-613-996-6666
Use in case of chemical emergency only

Identification

Pro – Ma Performance Maxi Dri – Kleen
UN Number: Not relevant
Dangerous Goods Class: Non – hazardous product
Hazchem Code: Not relevant
Packaging Group: Not relevant

Product Codes: 92005, 92046
Subsidiary Risk: Not relevant
Poisons schedule No: Not relevant
Pack Sizes: 300 ml., 4 litre

Use

Waterless car wash, incorporating silicone wax, with anti – static properties. Application by plunger pump. Spray and wipe using a porous cloth, polish with a soft cotton cloth.

Physical Description / Properties

White liquid, with an ethereal odour.

Boiling Point:	85 °C / 185 °F	Specific Gravity: Water = 0.98 @ 20 °C / 68 °F
Vapour Pressure:	Not relevant	Flash Point : >65 °C / 149 °F
Vapour Density:	Not relevant	Flammable Limits: LFL / UFL
Solubility in water:	Complete	pH:6.5 – 7.0

Other Properties

Shock Sensitivity:	Not relevant	Corrosiveness: Not relevant
Oxidising Properties:	Avoid oxidizing agents, unknown chemicals.	
Reactivity:	Stable under normal storage.	
Evaporate Rate:	Not relevant	
Solubility:	Soluble in water in all proportions, Miscible in Hexane.	
Bulk Density:	0.98 @ 20 °C / 68 °F	

Ingredients

CHEMICAL ENTITY: A mixture of detergents, aliphatic hydrocarbons, polymers and other harmless additions.
CAS No: not relevant

Health Hazard Information

This product is not hazardous according to EEC criteria.
Threshold Limit Value – Non poisonous. Occupational exposure level – None.
MEDICAL CONDITIONS GENERALLY AGGRAVATED BY EXPOSURE:
EYES: Slightly irritating in direct contact with the eyes.
SKIN: Prolonged or repeated skin contact may cause irritation.

FIRST AID:

GENERAL INFORMATION: Never give fluids or induce vomiting if patient is unconscious and experiencing convulsions.
EYES: Flush with water for at least 15 minutes, while holding eyelids open.
SKIN: Remove any contaminated material, and wash with soap and water.
SWALLOWING: DO NOT INDUCE VOMITING: Seek immediate medical attention if symptoms persist.
ADVICE TO DOCTOR: No specific antidote. Supportive care. Treatment based on judgment of Doctor in response to patient's reaction.

PRECAUTIONS FOR USE

Exposure Standards

THRESHOLD LIMIT VALUE: Non – poisonous. **EXPOSURE LIMITS:** None established.

Engineering Controls

None required.

Personal Protection

The product is a mixture. None of the ingredients is toxic. Non – hazardous material.

Avoid splashing undiluted material into the eyes. Avoid constant skin contact, as the product exhibits de – fatting properties.

Flammability

Flash Point > 65 °C / 149 °F

SAFE HANDLING INFORMATION

LOCATION: Store below 40 °C, under cover and away from sunlight.

STORAGE INCOMPATIBILITIES: Avoid oxidizing agents and unknown chemicals.

STORAGE AND HANDLING: Keep containers closed and out of sunlight when not in use. Should product splash on a person, remove saturated clothing, and wash contaminated area with soap and water. Launder clothing before re – use. Avoid open flames or sparks.

VENTILATION: Respiratory protection not necessary. Good general ventilation should be sufficient.

CONTAINERS / PACKAGES: Containers are PVC.

DANGEROUS GOODS CLASSIFICATION / SUBSIDIARY RISK: Product is not hazardous according to EEC criteria.

SPILLS AND DISPOSAL

STEPS TO BE TAKEN IN CASE MATERIAL IS RELEASED OR SPILLED:

Prevent contamination of surface and groundwater. Small spills: Soak up with absorbent material.

Large Spills: Pump into appropriate containers.

Dispose of large quantities in accordance with local or National Government regulations.

Fire / Explosion Hazard

FIRE HAZARDS: Avoid open flames or sparks.

UNUSUAL FIRE AND EXPLOSION HAZARDS: None.

REACTIVITY HAZARD – Complete combustion will give off carbon dioxide and water.

FIRE FIGHTING RECOMMENDATIONS – EXTINGUISHING MEDIA:

SUITABLE EXTINGUISHING AGENTS: Water fog, carbon dioxide, alcohol resistant foam, or dry chemicals.

PROTECTIVE CLOTHING: Protective clothing should be worn when fighting fires involving chemicals.

OTHER INFORMATION

TOXICITY: None of the ingredients are toxic.

CARCINOGENIC: Does not contain any ingredients or combustion residues currently known to be carcinogenic.

BIODEGRADABILITY: Biodegradable.

USER NOTES:

This information relates to the specific material designated, and may not be valid for such material used in combination with any other materials of in any process. Such information is, to the best of our belief, accurate and reliable as of the date compiled. However, no representation, warranty or guarantee is made as to its accuracy, reliability or completeness. It is the user's responsibility to satisfy themselves as to the suitability or completeness of such information for their own particular use. We do not accept any liability for any loss or damage that may occur from the use of this information.
