

PERFORMANCE PRODUCTS

HIGH PERFORMANCE TESTIMONIAL

Owner & Driver: Michael Page

Crew: Dianne Newton, Graeme & Andrew Page (Port Macquarie), Peter Page (Tamworth), Scott Benson (Brisbane).

“ We are currently campaigning a Formula 2 power boat team in the Australian Formula 2 Grand Prix Series. Overseas this division of boats compete in the UIM World Formula 3 Championships.

In today's semi-professional racing circuit, the control of budgets and the use of manpower is critical.

The use of the Pro-Ma Performance Products Range where applicable has greatly improved our operating costs and reduced our downtime for the boat, trailer and tow vehicle. By using Pro-Ma Gas Treatment, MBL Concentrate, MBL Spray, MBL Grease and the 'Maxi' Car Care Range, we have found the following:

- Improved fuel economy.
- Reduced wear of engine, fuel system and hydraulic system components because of water contamination in the fuel system.
- Elimination of water contamination in the fuel system.
- Improved lubrication of steering and throttle linkages slowing the wear rate.
- 50% increase in gearbox life.
- Virtual elimination of trailer wheel bearing problems.
- Fantastic protection to paint finishes on boat, engine and tow vehicles.
- Increased visibility and reduction in fogging of cockpit canopy screen, helmet visor in both fresh and salt water.
- Improved lap times/boat handling attributable to application of Maxi Dri-Kleen to bottom of hull and lower portion of gearbox.

MAJOR RESULTS FOR 1992/93 SEASON:

- 2nd Brisbane Formula 2 Grand Prix
- 1st Mooloolaba Formula 2 Grand Prix.
- 3rd Sydney Formula 2 Grand Prix (finished tied 2nd-3rd on countback).
- 2nd Gold Coast Formula 2 Grand Prix
- 4th 1992/93 Australian Formula 2 Grand Prix Series.

I personally endorse the use of Pro-Ma Performance Products which allows our team to maintain very demanding schedules, and recommend the Pro-Ma Business Opportunity, covering Pro-Ma Performance Products, Grace Cosmetics and Pro-Ma Nutrition Products, to anyone interested in a part or full time career with products that really work.”
