

MBL8 Oil Concentrate Testimony

Dear Sir/Madam,

I was introduced to Pro-Ma Performance Products in July of 1992. We own a 1986 Ford Ranger and we are planning a trip from Calgary to Barrie, Ontario. We treated the engine oil with **MBL 8 Concentrate**.

As we drove along, I could hardly believe the extra power and the better mileage. We were pulling a utility trailer with all of our family possessions and we still got improved mileage. After arriving in Ontario we took particular note of the fact that the performance has increase from 20 miles per gallon.

I am proud of my vehicle and proud of the wonderful results we obtained from using Pro-Ma Systems products.

Yours truly,

Brian G. Galbraith
