

MBL8 Oil Concentrate Testimony

One afternoon a gentleman entered my shop and wanted to give me a demonstration on Pro-Ma Performance Products. I agreed.

I have seen many products over the 40 years in this industry, I was impressed with the demonstration. I purchased the MBL8 Concentrate and changed the oil in my tow truck. **Before using the Pro-Ma Performance MBL 8 Concentrate I was using 1.5 litres of oil going to Edmonton and back, a round trip of 120 miles.**

After using MBL 8 Concentrate to my amazement I have completed 5 round trips and have consumed little or not oil. What a fantastic product.

I have become a Distributor and look forward to sharing the products with all that I know, and do business with.

Thanks Pro-Ma!
